

SOUTHERN HEALTH & SOCIAL CARE TRUST

INPATIENT AND DAYCASE WAITERS BY REGIONAL SPECIALTY WAITING LIST POSITION DATE AS AT: 31/12/2024

Notes:

PLEASE NOTE: WAITERS WITH AN EXPECTED METHOD OF ADMISSION - 'PLANNED' AND PATIENTS WHO ARE CURRENTLY SUSPENDED ARE EXCLUDED.

Based on Inpatients / Daycase patients awaiting admission to a consultant led service. Consequently patients waiting to receive inpatient / daycase treatment at a nurse led service are not included in the figures. The exception to this is when a patient under a consultant led service is then transferred to a nurse led service following pre admission.

Please note that waits for SHSCT Nurse-Led Endoscopy Service are included in this waiting list report as these patients are added initially to the Consultant's Waiting List and are then transferred and pre-admitted to the Nurse-Led Endoscopist. The SHSCT does have Nurse-Led waits for Dermatology and Haematology.
