

FOI 2911

26th February 2025

FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST

Does the Health board have a chronic pelvic pain clinic?

Response:

No

If yes - which specialities are involved? i.e. GP, radiology, gynaecology, urogynaecology, pain management, physiotherapy, gastroenterology, psychology?

N/A

If no - what service/pathway is available for patients with chronic pelvic pain?

Response:

Patients will be referred to general surgery and gynaecology clinics.

What is the current referral time for patients to access this clinic and how many patients in total are waiting to access this service?

Response:

Currently there are 9260 patients on the general gynaecology outpatient waiting list with an average longest waiting time of 80 weeks.

Currently there are 12,482 patients on the General surgery outpatient waiting list with an average longest waiting time of 99 weeks.

How many patients are currently under the care of this clinic?

Response:

As Gynaecology & General Surgery services do not have a specific waiting list for chronic pelvic pain we are unable to provide this information.

How many appointments per year does this clinic utilise?

Response:

As Gynaecology & General Surgery services do not have a specific clinic for chronic pelvic pain we are unable to provide this information.
