				If Molecular please indicate the following:						If Culture/Slide/Other please indicate the following:					
Please state Hospital Site	Testing Category	Target of Interest	Do you use a Molecular Test or Culture/Slides/Other (If other, please state)	Analyser/s Used	Length of Contract	Contract Renewal Date	If sample are sent to another laboratory please state the laboratory below:	Number of samples tested in 2023 (April 2023-March 2024) split by testing method	Number of samples tested so far in 2024 (April 2024-March 2025) split by testing method	Please state method used	Length of Contract	Contract Renewal Date	If sent to another laboratory please state the laboratory below:	Number of samples tested in 2023 (April 2023-March 2024) split by testing method	Number of samples tested so far in 2024 (April 2024-March 2025) split by testing method
	STI Testing	Chylamydia	Molecular	Cobas 6800	7 years, with extension up to and including 24 months	01/03/2026		10716	8613						
	STI Testing	gonorrhoea	Molecular and culture	Cobas 6800	7 years, with extension up to and including 24 months	01/03/2026		10716	8613	Direct culture on VTEC agar	5 years plus 36month extension	01/04/2025		UNK	UNK
	STI Testing	Chylamydia Confirmatory Test	Not tested												
	STI Testing	gonorrhoea Confirmatory Test	Molecular	GeneXpert	7 years, with extension up to and including 24 months	01/03/2026		UNK	UNK						
	STI Testing	Mycoplasma genitalium	Not tested												
	STI Testing	Mycoplasma genitalium Resistance Testing	Not tested												
	STI Testing	Syphilis (/Treponema pallidum)	Not tested				BHSCT								
	STI Testing	Herpes Simplex 1 & 2	Not tested				BHSCT								
	Women's Health	Bacterial Vaginitis	Microscopy											12477	10197
	Women's Health	Candida Vaginitis	Culture							Direct culture on CAN2 agar	5 years plus 36month extension	01/04/2025		UNK	UNK
	Women's Health	Trichomonas vaginalis	Culture							Broth enrichment in Trichomona	5 years plus 36month extension	01/04/2025		4450	3587
	Viral Loads	HIV	Not tested				BHSCT								
	Viral Loads	HBV	Not tested				BHSCT								
	Viral Loads	HCV	Not tested				BHSCT								
	Viral Loads	HEV	Not tested				BHSCT								
	Transplant Viral Loads	CMV	Not tested				BHSCT								
	Transplant Viral Loads	EBV	Not tested				BHSCT								
	Transplant Viral Loads	BKV	Not tested				BHSCT								
	Transplant Viral Loads	Adenovirus	Not tested				BHSCT								
	Transplant Viral Loads	HEV	Not tested				BHSCT								
	Respiratory Testing	SARS-CoV-2	Molecular	GeneXpert	7 years, with extension up to and including 24 months	01/03/2026		7179	4064						
	Respiratory Testing	Flu A	Molecular	GeneXpert	7 years, with extension up to and including 24 months	01/03/2026		6599	4062						
	Respiratory Testing	Flu B	Molecular	GeneXpert	7 years, with extension up to and including 24 months	01/03/2026		6599	4062						
	Respiratory Testing	RSV	Molecular	GeneXpert	7 years, with extension up to and including 24 months	01/03/2026		6599	4062						
	Respiratory Testing	Adenovirus	Not tested				BHSCT								
	Respiratory Testing	Rhinoviruses	Not tested				BHSCT								
	Respiratory Testing	human Metapneumovirus	Not tested				BHSCT								
Craigavon Area Hospital	Respiratory Testing	Parainfluenza	Not tested				BHSCT								
	Respiratory Testing	Mycobacterium tuberculosis	Not tested				BHSCT								
	Respiratory Testing	mycoplasma pneumoniae	Not tested				BHSCT								
	Respiratory Testing	Bordetella (B. pertussis/B. parapertussis)	Not tested				BHSCT								
	Respiratory Testing	Mpox	Not tested				BHSCT								
	Respiratory Testing	Legionella	Urinary antigens							binax now	7 years, with extension up to and including 2	01/03/2026		742	815
	Faecal Enteric Testing	Salmonella	Molecular and culture	Entericbio	7 years, with extension up to and including 24 months	01/03/2026		13495	10942	Direct culture on XLD agar, also	5 years plus 36month extension	01/04/2025		54	53
	Faecal Enteric Testing	STEC	Molecular and culture	Entericbio	7 years, with extension up to and including 24 months	01/03/2026		13495	10942	Direct culture on CT-SMAC aga	5 years plus 36month extension	01/04/2025		138	91
	Faecal Enteric Testing	Shigella	Molecular and culture	Entericbio	7 years, with extension up to and including 24 months	01/03/2026		13495	10942	Direct culture on XLD agar, also	5 years plus 36month extension	01/04/2025		4	12
	Faecal Enteric Testing	Campylobacter	Molecular and culture	Entericbio	7 years, with extension up to and including 24 months	01/03/2026		13495	10942	Direct culture on CAMP agar	5 years plus 36month extension	01/04/2025		451	390
	Faecal Enteric Testing	Cryptosporidium	Molecular	Entericbio	7 years, with extension up to and including 24 months	01/03/2026		13495	10942						
	Faecal Enteric Testing	Giardia	Molecular	Entericbio	7 years, with extension up to and including 24 months	01/03/2026		13495	10942						
	Faecal Enteric Testing	Yersinia	Culture							Direct culture on YERS agar	5 years plus 36month extension	01/04/2025		1	53
	Faecal Enteric Testing	Entamoeba histolytica	Not tested				LSTM								
	Faecal Enteric Testing	Vibrio	Culture							Direct culture on TCBS agar, als	5 years plus 36month extension	01/04/2025		38	103
	Faecal Enteric Testing	Clostridioides difficile	Molecular and antigen detection	Entericbio	7 years, with extension up to and including 24 months	01/03/2026		6392	5557						
	Faecal Enteric Testing	Adenovirus	Not tested				BHSCT								
	Faecal Enteric Testing	Rotavirus	Not tested				BHSCT								
	Faecal Enteric Testing	Sapovirus	Not tested				BHSCT								
	Faecal Enteric Testing	Norovirus	Molecular	GeneXpert	7 years, with extension up to and including 24 months	01/03/2026		198	264						
	Faecal Enteric Testing	Astrovirus	Not tested				BHSCT								
	HAI	MRSA	Molecular and culture	GeneXpert	7 years, with extension up to and including 24 months	01/03/2026		2178	2049	Direct culture on MRSA2 agar	5 years plus 36month extension	01/04/2025		15755	13323
	HAI	MSSA	Culture							Direct culture on blood agar	5 years plus 36month extension	01/04/2025		2006	1701
	HAI	CPO/CPE	Molecular and culture	GeneXpert	7 years, with extension up to and including 24 months	01/03/2026		UNK	UNK	Direct culture on Brilliance CRE	5 years plus 36month extension	01/04/2025		787	863
	Other	GBS	Culture							Direct culture on GBS agar, also	5 years plus 36month extension	01/04/2025		101	79
	Testing Category	Target of Interest	Does your lab use LDT's (Yes/No)	What targets do your	Analyser Used	Are you in Contract (Yes/No) Please state expiary date if yes	Number of samples tested in 2023 (April 2023-March 2024) split by LDT	Number of samples tested so far in 2024 (April 2024-March 2025) split by LDT	expand your LDT portfolio? (Yes/No) Please state what targets you are
