Email Address - Section 31(1)(a) Law enforcement applies.

Although the Southern Trust understands that there is a public interest in being open and transparent, the information including manufacturer, models and replacement timeframes is business sensitive and has the potential to leave the Trust vulnerable to cyber-attacks. By disclosing these details, this information could prejudice and compromise the Trust's network/IT security.

In accordance with Section 31 (1) (a) of the Freedom of Information Act 2000 - Law enforcement – the prevention or detection of crime, such information is exempt from disclosure.

We believe that putting this information into the public domain would make the Trust more vulnerable to cyber-attacks. The public interest in maintaining the security of our systems and providing safe health and social care to our patients/clients outweighs the public interest in disclosure of this information.
