

FOI 3248

14th August 2025

FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST

I requested hospital medicines data back in 2023 but the response I received was missing the hospital location details.

Could I please request a re-run of FOI 1980 for the same time period, but this time I would like the hospital location to be included in the response.

The request was for hospital medicines data from Dec 2022 to Sep 2023.

I would like it to include the drug name, packsize, hospital location and total quantity in reported units per month.

Response:

Please see attached document for response.
