Foreword

The Southern Health and Social Care Trust (the Trust) is required to have Standing Orders, Schedules of Powers Reserved to the Board and Powers Delegated by the Board and Standing Financial Instructions (SFIs).

The Standing Orders, Reserved and Delegated Powers and Standing Financial Instructions provide a comprehensive business framework for the Trust and enable the organisation to discharge its functions. They are split into two documents with Standing Orders, Reservation and Delegation of Powers in one and SFIs in another.

The Standing Orders and Reservation and Delegation of Powers cover the governance of the Trust Board and its Committees whilst the SFIs outline the delegated financial responsibilities from the Accounting Officer and Trust Board.

The Chair, Board Members, Directors and all members of staff shall be aware of the existence of these documents and, where necessary, be familiar with the detailed provisions required to comply fully with the regulations.

These current Standing Orders Reservation and Delegation of Powers were approved by Trust Board at its meeting on 28th May 2026.

SECTION A

STANDING ORDERS

1. INTRODUCTION

1.1 Statutory Framework

The Southern Health and Social Care Trust (the Trust) is a statutory body which came into existence on 1st April 2007 under the Southern Health and Social Care Trust (Establishment) Order (Northern Ireland) 2006.

The principal place of business of the Trust is at 68 Lurgan Road, Portadown, Craigavon, BT63 5QQ.

The Trust is provided for under Article 10(1) of the Health and Personal Social Services (NI) Order 1991.

The functions of the Trust are conferred by this legislation.

As a statutory body, the Trust has specified powers to contract in its own name and to act as a corporate trustee.

Schedule 3 to the HPSS (NI) Order 1991 specifies the duties, powers and status of HSC Trusts.

The Trust will also be bound by such other statutes and legal provisions which govern the conduct of its affairs.

1.2 Functions of the Trust

The Trust has a range of statutory duties and shall, as a corporate body, exercise the functions assigned to it, including the specific duty set out in Section 21 of the Health and Social Care (Reform) Act (NI) 2009 to exercise its functions with the aim of improving the health and social well-being of, and reducing health inequalities, between those for whom it provides, or may provide, health and social care.

1.3 Health and Social Care Framework

In addition to the statutory requirements, the Minister for Health, through the Department of Health, issues directions and guidance. Where appropriate, these are incorporated within the Trust's Standing Orders or other corporate governance documentation. Principal examples are the Code of Conduct and Code of Accountability for Board Members of Health and Social Care Bodies (October 2022) and the HPSS Code of Practice on Openness.

The Code of Accountability requires the Board of the Trust to adopt Standing Orders (SOs) for the regulation of its proceedings and business. The Trust must also adopt Standing Financial Instructions (SFIs) as an integral part of Standing Orders setting out the financial responsibilities of budget-holders and individuals. Additionally, it specifies that the Board shall draw up a Schedule of Powers Reserved to the Board, and a Scheme of Delegation to enable responsibility to be clearly delegated to senior executives. The Code also requires the establishment of Audit and Remuneration Committees with formally agreed Terms of Reference.

The Code of Conduct draws attention to the requirement for public service values to be at the heart of Health and Social Care (HSC) in Northern Ireland. High standards of corporate and personal conduct, based on a recognition that patients and clients come first, have been a requirement throughout the HSC since its inception. Moreover, as the HSC is publicly funded, it is accountable to the Northern Ireland Assembly for the services provided

and for the effective and economical use of taxpayers' money. It also sets out measures to deal with possible conflicts of interest in Board members.

The Code of Practice on Openness in the HPSS sets out the requirements for public access to information and for the conduct of Board meetings. The Trust is required to ensure appropriate compliance with the Freedom of Information Act (2000).

The Trust will comply with all existing legislation, Department of Health Framework Document, Partnership Agreement between the Department of Health and the SHSCT, Code of Conduct and Code of Accountability for Board Members of HSC bodies, Circulars and Regulations insofar as these impact upon Health and Social Care functions, activities and conduct. Where these are replaced or updated throughout the year, the new provision shall apply.

1.4 Financial and Performance Framework

The performance framework for the Trust is determined by the Department of Health in light of its wider strategic aims and of current Programme for Government objectives and Commissioning Plan Direction.

Enhanced performance management arrangements, defined in the Performance Management Framework for the Health and Social Care system, identify the key features of the enhanced system for managing performance and accountability including:-

- The need for a broad suite of clinically agreed population health and well-being outcome measures;
- Targets must be deliverable and drive improvement;
- Clarifying accountability roles and responsibilities to focus on performance improvement;
- Internal Trust accountability processes to be strengthened;
- Effective service improvement support; and
- Effective escalation measures.

The key targets, standards and actions for the Trust are defined by the Department of Health within 'Objectives and Goals for Improvement' and approved by the Minister.

The Department of Health has strengthened its assurance and accountability arrangements in business planning of its Arm's Length Bodies and, as such, the Trust is required to reflect these within its annual Business Plans (including the Trust Delivery Plan and Corporate Plan).

Consistent with the timetable for the Northern Ireland Executive budget process reviews, the Trust shall submit to the Department of Health, a draft of its Corporate Plan normally covering the four years ahead. The Trust's planning process (including the Corporate Plan and the Trust Delivery Plan) outlines the Trust's key objectives and associated key performance targets for the forward years, its strategy for achieving those objectives and an estimate of performance in the current year. The Corporate Plan shall be published by the Trust and made available on its website.

At the end of each financial year, the Trust shall publish, as a single document, an annual report of its activities together with its audited annual accounts. The report shall also cover the activities of any corporate bodies under the control of the Trust.

The Trust has a number of financial targets and policies within which it is obliged to operate. These are as follows:

- To break even on an annual basis by containing its Net Expenditure to within 0.25% of the Revenue Resource Limit;
- To promote financial stability;
- To operate within the Resource Limits, both Capital and Revenue set by the SPPG and Department of Health;
- To pay non HSC trade creditors in accordance with applicable terms and appropriate Government Accounting guidance. This includes a target of 95% of payments to be made within 30 calendar days of the receipt of goods or undisputed invoice and promotion of achievement of a 10 working day payment target.

1.5 Delegation of Powers

The Trust has powers to delegate and make arrangements for delegation. The Standing Orders set out the detail of these arrangements. Under the Standing Orders relating to the Arrangements for the Exercise of Functions (SO 5), the Trust is given powers as follows:

“Subject to such directions as may be given by the Department of Health, the Board may make arrangements for the exercise, on behalf of the Trust, of any of its functions by a committee, sub-committee or joint committee appointed by virtue of Standing Order 4 or by an officer of the Trust, in each case subject to such restrictions and conditions as the Board thinks fit or as the Minister for Health may direct”.

Delegated Powers are covered in a separate section of this document entitled Reservation of Powers to the Board and Delegation of Powers.

1.6 Governance

Trust Boards are required to have in place integrated governance structures and arrangements that will lead to good governance and to ensure that decision-making is informed by intelligent information covering the full range of corporate, financial, clinical, social care, information and research governance aspects. This will better enable the Trust Board to take a holistic view of the organisation and meet its legal and statutory requirements and clinical, social care, quality, safety and financial objectives.

The Trust has an Integrated Governance and Assurance Framework 2024-2027 in place. This identifies the integrated governance and assurance arrangements in place, describing how Trust Board’s responsibilities are fulfilled.

All members of the Trust Board and staff have a duty to disclose any significant or material non-compliance with these Standing Orders to the Chief Executive as soon as possible.

6. CODES OF CONDUCT AND ACCOUNTABILITY

Introduction

The Code of Conduct and Code of Accountability for Board Members of Health and Social Care Bodies (2022), provides the basis on which HSC bodies should seek to fulfill the duties and responsibilities conferred upon them by the Department of Health and the arrangements in the Partnership Agreement between the Department of Health and the SHSCT. These documents shall be made available to all Board members. All Board members should subscribe to these codes and should be judged upon the way the Codes are observed.

Any staff concerns or complaints in respect of Non-Executive Board members will be subject to the same policies that apply to Trust employed staff, namely, Raising a Concern in the Public Interest Policy, Grievance Policy and Conflict, Bullying and Harassment in the Workplace Policy. Any matters that cannot be resolved under these may be escalated to the Department of Health.

The HSC Code of Conduct incorporates the principles contained within the Code of Conduct for HPSS Managers 2013 and supercedes it. It is applicable to all HSC employees, including managers, and sets out the core standards of conduct expected by all HSC staff.

6.1 Openness and Public Responsibilities

The Code of Conduct advises that there should be a willingness to be open and to actively involve the public, patients, clients and staff as the need for change emerges. The reasons for change should be fully explained and views from the public, patients and clients sought and taken into account before decisions are reached.

Health and social care business should be conducted in a way that is socially responsible and forges an open relationship with local communities and conducts dialogue with clients, patients and their carers about the planning and provision of the services provided. Health and Social Care bodies should demonstrate to the public that they are

concerned with the wider health and social wellbeing of the population.

The Board will set the culture and values of the Trust and set the tone for the Trust's engagement with stakeholders and customers including the population it serves.

The duty of confidentiality of personal and individual patient/client information must be respected at all times.

6.2 Declaration of Interests

6.2.1 Requirements for Declaring Interests

Board members and all staff should act impartially and should not be influenced by social, political or business relationships. They should not use information gained in the course of their public service for personal gain or for political purposes nor seek to use the opportunity of public service to promote private interests or those of connected persons, firms, businesses or other organisations. Where there is a potential for private, voluntary, charitable etc. interests to be material and relevant to HSC business, the relevant interest should be declared.

The Trust has a Conflicts of Interest Policy in place to promote high standards in public life and ensure that Board members and staff follow the characteristics of propriety as defined in the Nolan Principles. This policy sets out the standards of conduct expected of Board members and staff where their private interests might conflict with their duties as a Trust employee and the steps the Trust will take to safeguard itself against potential conflicts of interest. In accordance with the Policy, all Board members and staff shall declare such interests. A heavier duty applies to certain groups of staff due to their close involvement in the selection of suppliers and to purchasing decisions. Staff in these groups are required to provide an annual declaration return – this includes a nil return where there are no interests to declare.

6.2.2 Interests which are relevant and material

- (i) Interests which should be regarded as "relevant and material" are:
 - a) Directorships, including Non-Executive Directorships held in private companies or Private Limited Companies (with the exception of those of dormant companies);
 - b) Ownership or part-ownership of private companies, businesses or consultancies likely or possibly seeking to do business with the Trust;
 - c) Majority or controlling share holdings in organisations likely or possibly seeking to do business with the Trust;
 - d) A position of trust in a charity or voluntary organisation involved in the field of health and social care;
 - e) Any connection with a voluntary or other organisation contracting for Trust services;
 - f) Any other commercial interest in the decision before the meeting.

6.2.3 Advice on Interests

If Board members have any doubt about the relevance of an interest, this should be discussed with the Chair of the Trust or with the Trust's Board Secretary.

Influence rather than the immediacy of the relationship is more important in assessing the relevance of an interest. The interests of partners in professional partnerships including general practitioners should also be considered.

6.2.4 Recording of Interests in Trust Board minutes

Where there is a potential for private, voluntary, charitable etc. interests to be material and relevant to HSC business, the relevant interest should be declared by the Board member and recorded in the Board minutes and entered into the register which is publically available. Where a conflict of

interest is established or perceived, the Board member shall withdraw and play no part in the relevant discussion.

6.2.5 Publication of declared interests in Annual Report

Where a Board member has an interest in any body which has transacted with the Trust, then the financial quantification of that transaction(s) shall be published in the Trust's Annual Report and Accounts for the year in question, together with an appropriate description of the members' interest.

6.2.6 Conflicts of interest which arise during the course of a meeting

During the course of a Board meeting, if a conflict of interest is established, the Board member concerned should, as soon as he/she is able after its commencement, disclose the fact. It shall be disclosed in a manner that cannot be perceived to influence subsequent discussion or decision. The member shall withdraw from the meeting and play no part in the relevant discussion or decision.

6.3 Register of Interests

6.3.1 The Chief Executive will ensure that a Register of Interests is established to record formally any declarations of interests of Board and staff members.

6.3.2. These details will be kept up to date by means of an annual review of the Register in which any changes to interests declared during the preceding twelve months will be incorporated.

6.3.3 The Register of Interests for Board members will be made available to the public via the Trust's website.

6.4 Definition of terms used in interpreting director or indirect pecuniary interests

Please refer to HSS Trusts (Membership and Procedure) Regulations (Northern Ireland) 1994.

6.5 Standards of Business Conduct

The Health and Social Care (HSC) values of Working Together, Excellence, Openness and Honesty and Compassion are applicable in the operation of the Board and the Trust.

6.5.1 Trust Policy

All Trust staff and Board members must comply with the Trust's Policy on Gifts, Hospitality and Sponsorship and Conflicts of Interests Policy.

The Trust's Gifts, Hospitality and Sponsorship Policy provides advice on the expected standards of conduct and to those staff who, in the course of their day to day work or as a result of their employment, either receive offers of gifts, hospitality or considerations of any kind from contractors, agents, organisations, firms or individuals. The policy also provides advice on the provision of gifts and hospitality to others on behalf of the Trust. All offers of gifts, prizes, invitations, hospitality, sponsorship of courses, conferences and meetings valued at over £50 must be recorded on the register.

The Code of Conduct for HSC Employees (September 2016) also refers.

6.5.2 Canvassing of and Recommendations by Members in Relation to Appointments

- i) Canvassing of members of the Trust or of any Committee of the Trust directly or indirectly for any appointment under the Trust shall disqualify the candidate for such appointment. The contents of this paragraph of the Standing Order shall be included in application forms or otherwise brought to the attention of candidates.
- ii) Members of the Trust shall not solicit for any person any appointment under the Trust or recommend any person for such appointment; but this paragraph of this

Standing Order shall not preclude a member from giving written testimonial of a candidate's ability, experience or character for submission to the Trust.

6.5.3 Relatives of Members or Officers

- i) Candidates for any staff appointment under the Trust shall, when making an application, disclose in writing to the Trust whether they are related to any member or the holder of any office under the Trust. Failure to disclose such a relationship shall disqualify a candidate and, if appointed, render him liable to instant dismissal.
- ii) The Chair and every member and officer of the Trust shall disclose to the Trust Board any relationship between himself and a candidate of whose candidature that member or officer is aware. It shall be the duty of the Chief Executive to report to the Trust Board any such disclosure made.
- iii) On appointment, members (and prior to acceptance of an appointment in the case of Executive Directors) should disclose to the Trust whether they are related to any other member or holder of any office under the Trust.
