Unfortunately we are unable to provide the information you have requested as the information is not centrally held and the cost of locating and retrieving the information exceeds the “appropriate limit” as stated in the Freedom of Information (Fees and Appropriate Limit) Regulations 2004. It has been estimated that it would take more than 18 hours to locate and retrieve the requested information. In order to obtain this information and it would exceed the £450 limit and is therefore cost prohibitive.

In addition, it would not be appropriate to search through individual patient records for the purposes for responding to a FOI request, there would be no patient expectation that medical records would be used in this way.
