**2. a.) Please also provide the number of these individuals (as outlined in Q1a) who attended with a primary/secondary diagnosis of drug poisoning.  
2. b.) If possible, please outline how many of these were at the weekend.**

**Notes:**  
Source: Business Objects Accident & Emergency Universe run date 12/08/25  
The UDDA diagnosis descriptions for the attendances identified above were shared with ED Admin Manager to identify which UDDA diagnosis descriptions would be classified as drug poisoning. The data was then filtered to retrieve only those individuals who had an UDDA diagnosis description (1-3) = drug poisoning. (Examples such as UDDA Diagnosis description = Antidepressant Overdose;Opiate Overdose;Other drug/alcohol disorder (see free text);Overdose (see free text);Paracetamol Overdose;Recreational drug use)

Data has been provided up to 07/05/2025. ED coding is 99% complete up to March 25. Note therefore for April and May data coding is not complete and therefore any patients who have not yet been clinically coded will not be captured in the table below.  
\*Number of individuals is based on unique count of health and care number

| 2a.                            |                       |
|--------------------------------|-----------------------|
| Arrival Fiscal Year            | Total of Individuals* |
| FY2023/2024                    | 12                    |
| FY2024/2025                    | 11                    |
| FY2025/2026 (up to 07/05/2025) | <5                    |

| 2b.                            |  |
|--------------------------------|--|
| Arrival Fiscal Year            | Total of Individuals* who attended ED at the weekend |
| FY2023/2024                    | 5  |
| FY2024/2025                    | <5   |
| FY2025/2026 (up to 07/05/2025) | 0  |

**3. a.) Please provide the total number of hospital admissions by patients of No Fixed Abode/Address for each of the same financial years.  
3. b.) If possible, please outline how many of these admissions were at the weekend.**

**Notes:**  
Source: Business Objects Admissions and Discharges Universe run date 13/08/25  
Based on Number of Inpatient Admissions (Elective & Non Elective) to CAH, DHH, STH, LGH, and CPU recorded under Address Line 1 as No Fixed Abode. Excludes Regular Attenders.  
Data is provided based on admission date between 01/04/2023 - 07/05/2025.  
Admissions at the weekend are identified as those with an admission day = Saturday or Sunday

| 3a                             |                            |
|--------------------------------|----------------------------|
| Fiscal Year of Admission       | Total Inpatient Admissions |
