

A Guide to the Rural Needs Act (NI) 2016 for Public Authorities

(Revised) April 2018

Appendix 2 - Template for Information to be compiled

Information to be compiled by Public Authorities under Section 3(1) (a) of the Rural Needs Act (NI) 2016.

(To be completed and included in public authorities' own annual reports and submitted to DAERA for inclusion in the Rural Needs Annual Monitoring Report).

Name of Public Authority: **Southern Health and Social Care Trust**

Reporting Period: **April 20 23 to March 20 24**

The Trust is committed to its reporting and monitoring obligations in accordance with Rural Needs Act (NI) (2016). The Trust has carried out the following activity to comply with and mainstream the duties.

- The Trust's Senior Management Team has been briefed to ensure ownership of these duties at strategic level. The definition of "rural" (the default definition for the public sector has been adopted) and was agreed by the Trust.
- The Directorate of Human Resources and Organisational Development is responsible for central co-ordination of the monitoring report on behalf of the Trust.
- HSC Trusts have worked collaboratively to ensure the rural needs assessment template is user-friendly and relevant to HSC business. The key components of the template issued by DAERA have been used in compliance with the legislative obligations.
- Advice and guidance is provided on the Trust's SharePoint site to raise awareness and support staff when completing rural needs assessments.
- To ensure effective mainstreaming the Trust's mandatory policy development process includes a section on requirements relating to the Rural Needs Act.

- This Annual Monitoring report on rural needs will be shared with Senior Management and Trust Board alongside the annual S75 equality report. Monitoring information in this report will be included in the Trust's Annual Report.

The Trust is committed to promoting and upholding its duties in relation to the Rural Needs Act (NI) 2016 and will have due regard to rural needs in the development of all our policy and public service delivery decisions. The Trust is mindful that the level of 'regard' due will depend on the circumstances and, in particular, on the relevance of rural needs to the decision or function in question. The greater the relevance and potential impact for people in rural needs, the greater the regard required by the duty. In the table below, the Trust has provided detail on those policies which were considered as having a bearing on rural needs and therefore subject to a rural needs assessment. In preparing this monitoring template the Trust considered policies in respect of the social and economic needs of persons in rural areas.

In the interests of openness and transparency, the Trust has provided the following hyperlinks to S75 equality screenings of Trust policies:

[Policy screening outcome reports | Southern Health & Social Care Trust \(hscni.net\)](#)

The following table includes information on policies where a Rural Needs Impact Assessment has been completed.

<i>Description of the activity undertaken by the public authority which is subject to section 1(1) of the Rural Needs Act (NI) 2016¹.</i>	<i>The rural policy area(s) which the activity relates to².</i>	<i>Describe how the public authority has had due regard to rural needs when developing, adopting, implementing or revising the policy, strategy or plan or when designing or delivering the public service³.</i>
New proposal for future provision for Learning Disability Service Users of Gortgonis Day Centre.	Health and Social Care	A Rural Needs Impact Assessment has been carried out, the Trust continues to consider the needs of people living in rural areas and to implement mitigating measures where possible.
Southern Trust (SHSCT) Future Provision of Emergency General Surgery (EGS) Services	Health and Social Care	A Rural Needs Impact Assessment has been carried out, the Trust continues to consider the needs of people living in rural areas and to implement mitigating measures where possible.

Development of a policy to support the Self or Carer administration of IV antimicrobials in patients own home without the assistance of nursing staff.	Health and Social Care	A Rural Needs Impact Assessment has been carried out, the Trust continues to consider the needs of people living in rural areas and to implement mitigating measures where possible. The Trust commits to monitoring for any potential adverse impact on our Service Users. People in rural areas will be able to avail of the service to the same degree as patients in urban areas. People from rural areas will be initiated the treatment within secondary care, as will people from urban areas and be provided with the same discharge arrangements and follow up irrespective of area of residence.
