## **FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST**

---

**Question: I'd like to request a list including the vehicle registration number, make and model of all vehicles currently on your fleet (both owned and leased) and all vehicles sold, between the dates of 01/11/2024 to 30/09/2025, within your NHS Trust.**

### **Response:**

Under Section 31(1)(a) of the Freedom of Information Act 2000 (FOIA), information that could make the Trust vulnerable to crime is exempt. Section 31(1) is a qualified exemption, which means that it is also subject to a public interest test. The Trust determines that to disclose the Trusts' fleet vehicle registration details would prejudice the Trust's ability to prevent and react to possible theft.

### **Reasons in favour of disclosure**

We acknowledge public interest in that we wish to be open and transparent. However, we also consider protecting the Trust's interests.

### **Reasons against disclosure**

We are concerned that if the full registration number of our fleet vehicles is disclosed this information could be used unlawfully for criminal activity and have an adverse impact upon the Trust. Once these details are in the public domain they could be used for vehicle cloning or theft, using false number plates for fuel theft, for the avoidance of paying insurance, tax, toll charges, parking fines or to avoid triggering automatic number plate recognition. We have therefore concluded that this exemption should apply and that withholding this information serves the public interest better than release.
