## **FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST**

---

### **How many Trust employees use their own vehicle for trust business?**

**Response:**

The Trust does not hold a record of how many employees use their own vehicle for Trust business.

Employees may use their own vehicle for Trust business regularly or on an occasional / ad hoc basis, but this is not routinely recorded against individual employee records. As a result, the Trust cannot accurately identify the total number of employees who use their own vehicle for Trust business.

Mileage claims are recorded for reimbursement purposes only and reflect individual claims made during a specific period rather than identifying all employees who may use their own vehicle for Trust business.

### **How many of them have received penalty points?**

**Response:**

The Trust does not hold data on employee's driving licence endorsements, including penalty points and therefore cannot provide this information.

### **How many of them have been brought to disciplinary for points on their licence**

**Response:**

No staff have been disciplined for having points on their licence.
