

FOI 3888

29th July 2026

FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST

Please could you provide the following information for all MRI scanners currently operated by, or used by, your organisation:

The hospital/site where each MRI scanner is located

Response:

Daisy Hill Hospital
Craigavon Area Hospital
South Tyrone Hospital

The number of MRI scanners at each hospital/site

Response:

Daisy Hill Hospital – 1 mobile scanner
Craigavon Area Hospital – 2 scanners
South Tyrone Hospital – 1 scanner

Whether each scanner is fixed, mobile or operated through a managed/third-party service.

Response;

Daisy Hill Hospital – 1 mobile scanner – managed through a third-party service
Craigavon Area Hospital – 2 scanners – both static
South Tyrone Hospital – 1 scanner - static

The manufacturer and model of each scanner, where available.

Response:

Daisy Hill Hospital – Siemens Aera 1.5 T
Craigavon Area Hospital – Siemens SolaFit 1.5 T x2
South Tyrone Hospital – Siemens Sola 1.5 T

Whether each scanner is a conventional helium-cooled system, low-helium system, zero boil-off / helium-recirculating system, or helium-free system, where known.

Response:

All 4 scanners are helium cooled systems

The number of MRI scans/examinations carried out in the latest available year, broken down by hospital/site if available.

Response:

Craigavon Area Hospital – 15722

Daisy Hill Hospital – 7778

South Tyrone Hospital- 1314
