New Building Names at Daisy Hill

Two buildings on the Daisy Hill site have been renamed as part of the redevelopment programme to make way for a new Direct Assessment Unit.

The Nurses Home has been renamed as '**Bernish House**' and will be the home of a new General Outpatients

Department and the GP Out of Hours service which will both relocate from the main hospital building in October.

The former Doctors Accommodation block will now be known as '**Orior House**' and is the new base for a number of non-clinical services which have moved from the Nurses Home.

New Noticeboards

We now have three new noticeboards located throughout Daisy Hill to keep you up to date as we move through the implementation of the Pathfinder Project. Check them out if you are passing Committee Room 2, waiting for a lift in the main foyer or as you queue for your coffee at the Ground Floor Coffee Bar!

Chief Executive's Interview with the Newry Reporter

In this week's Newry Reporter, Shane Devlin speaks of the importance that the Southern Trust Community plays in mapping out the blueprint for future healthcare.

Daisy Hill ...Teams on the move

A number of non-clinical teams have moved out of the former Nurses Home (*renamed as Bernish House*) and into the former Doctors Accommodation block (*now known as Orior House*).

These include Corporate Financial Accounting and Direct Payments, ITS Programme Management, Home Treatment, Palliative Care and Clinical Coding teams.

We would like to thank all staff, particularly those who have relocated, for your ongoing co-operation while we make these improvements to our services.
