

Daisy Hill Hospital Pathfinder Project *E-Zine*

2 January 2018

Welcome from Dr Telford

Welcome to the sixth edition of the Daisy Hill Hospital Pathfinder Project *E-Zine*. This is a monthly newsletter that aims to keep everyone up to date with all the developments from the Project. In this issue we recap on the activity during December. All project documentation can be found on the Trust Website by clicking [here](#).

Final Report Submitted

On Wednesday 20 December 2017 the Daisy Hill Hospital Pathfinder Project's Final Report was submitted to the Chief Medical Officer, Dr Michael McBride at the Department of Health.

The report incorporates the changes agreed by the DHH Pathfinder Group at its final meeting on the 13 December 2017 and by the Senior Management Team on the 19 December 2017.

The transformational model that the Group has developed together should bring significant benefits to those living in the catchment area of Daisy Hill Hospital. It was set up to be an exemplar model and together we have achieved that goal.

QRadio Visit to Daisy Hill

Local Radio Station QRadio (100.5FM) visited Daisy Hill Hospital on Thursday 21st December for a live Christmas Special Broadcast.

Presenter and DJ Kevin McAlister had a great day speaking to patients and staff throughout the hospital and hearing about the great work that goes on everyday as well as through the holidays.

The Trust would like to thank QRadio for bringing some festive cheer to the Hospital and for giving staff much deserved recognition!
#ValuingOurStaff

What next?

The Trust is keen to maintain the momentum developed through the Pathfinder Project and has therefore agreed to establish a Strategic Implementation Group to co-ordinate and support implementation.

The group, chaired by the Trust Chief Executive will start work as soon as the report has been considered and endorsed by the Department of Health.

Community and staff representatives will play an active part in the process of taking forward recommendations.
