

Coronavirus

Lots of people are talking about
Coronavirus

It is a new type of cold/flu

People who have Coronavirus may feel hot and have a
cough

Most people who have Coronavirus will get better at home

Some people will have to go to hospital to get better

To help stop the spread I can

stay at home

wash my hands

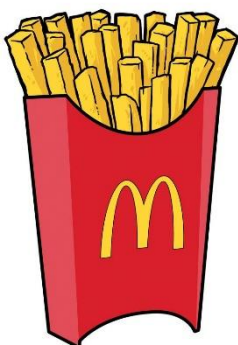

There will be no
nursery/school

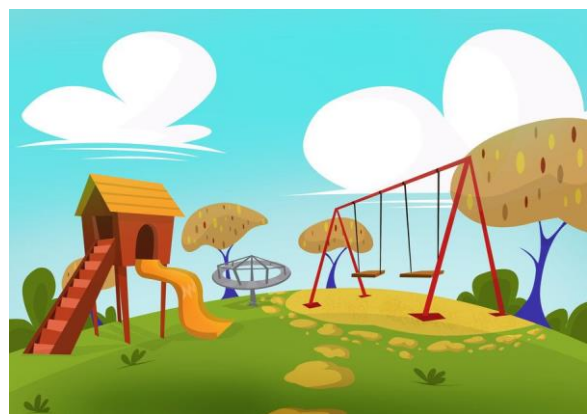

I will not be able to go to my favourite places now but
they will reopen again

Grandparents' house

play park

McDonalds

I know that I will be safe and happy at home with my family
