Subject: Message for independent home care sector

The Department of Finance's Construction and Procurement Delivery (CPD) is assisting the wider NICS with coordinating all offers to supply PPE. Working with CPD, the RQIA has established a system to link the independent home care sector with those small businesses to enable them to purchase supplies of PPE. The RQIA lists these companies supplying PPE on their website for registered providers to be able to access.

Any queries should be directed to Jacqui Murphy in RQIA [jacqui.murphy@rqia.org.uk]
