Quality Care - for you, with you

Speech and Language Therapy Service

What a Speech and Language Therapist does

A Speech and Language Therapist helps you with your communication.

A Speech and Language Therapist can help you to use speech, signs, and pictures. This will make it easier to tell people what you think.

A Speech and Language Therapist can help other people to use speech, signs and pictures with you.

A Speech and Language Therapist can check your hearing.

What a Speech and Language Therapist does

A Speech and Language Therapist can help you with your eating, drinking and swallowing.

A Speech and Language Therapist will watch you eating and drinking.

A Speech and Language Therapist can talk to you about foods which are easier to eat.

A Speech and Language Therapist can talk to you about how to make drinks easier to take.
