

Appendix 2 - Template for Information to be compiled

Information to be compiled by Public Authorities under Section 3(1) (a) of the Rural Needs Act (NI) 2016.

(To be completed and included in public authorities' own annual reports and submitted to DAERA for inclusion in the Rural Needs Annual Monitoring Report).

Name of Public Authority:

Reporting Period: April 20 to March 20

The Trust is committed to its reporting and monitoring obligations in accordance with Rural Needs Act (NI) (2016). The Trust has carried out the following activity to comply with and mainstream the duties.

- The Trust's Senior Management Team has been briefed to ensure ownership of these duties at strategic level. The definition of "rural" (the default definition for the public sector has been adopted) and was agreed by the Trust.
- The Directorate of Human Resources and Organisational Development is responsible for central co-ordination of the monitoring report on behalf of the Trust.
- HSC Trusts have worked collaboratively to ensure the rural needs assessment template is user-friendly and relevant to HSC business. The key components of the template issued by DAERA have been used in compliance with the legislative obligations.
- Advice and guidance is provided on the Trust's SharePoint site to raise awareness and support staff when completing rural needs assessments.
- To ensure effective mainstreaming the Trust's mandatory policy development process includes a section on requirements relating to the Rural Needs Act.
- This Annual Monitoring report on rural needs will be shared with Senior Management and Trust Board alongside the annual S75 equality report. Monitoring information in this report will be included in the Trust's Annual Report.

The Trust is committed to promoting and upholding its duties in relation to the Rural Needs Act (NI) 2016 and will have due regard to rural needs in the development of all our policy and public service delivery decisions. The Trust is mindful that the level of 'regard' due will depend on the circumstances and, in particular, on the relevance of rural needs to the decision or function in question. The greater the relevance and potential impact for people in rural needs, the greater the regard required by the duty. In the table below, the Trust has provided detail on those policies which were considered as having a bearing on rural needs and therefore subject to a rural needs assessment. In preparing this monitoring template the Trust considered policies in respect of the social and economic needs of persons in rural areas and for the majority, no rural needs were identified. In the interests of openness and transparency, the Trust has provided the following hyperlinks to S75 equality screenings of Trust policies.

[Policy screening outcome reports | Southern Health & Social Care Trust \(hscni.net\)](#)

The following table includes information on policies where a Rural Needs Impact Assessment has been completed.

<i>Description of the activity undertaken by the public authority which is subject to section 1(1) of the Rural Needs Act (NI) 2016¹.</i>	<i>The rural policy area(s) which the activity relates to².</i>	<i>Describe how the public authority has had due regard to rural needs when developing, adopting, implementing or revising the policy, strategy or plan or when designing or delivering the public service³.</i>
New proposal for the future provision of Inpatient Dementia Services.	Health and Social Care	A Rural Needs Impact Assessment has been carried out, The Trust continues to consider the needs of people living in rural areas and to implement mitigating measures where possible such as virtual access to family/carers through use of online meeting platforms or alternatives to video calls depending on access to technology/broadband e.g. telephone calls and multidisciplinary teams contributing to delivery of care
New proposal for the future delivery of Emergency General Surgery @ Daisy Hill Hospital, Newry.	Health and Social Care	A Rural Needs Impact Assessment has been carried out, the Trust continues to consider the needs of people living in rural areas and to implement mitigating measures where possible. The changes to Emergency General Surgery remains under review and the Trust commits to monitoring for any potential adverse impact on our Service Users. The Trust will also continue to engage with stakeholders as part of the formal and informal Consultation.

<p>Re-tendering for provision of a Good Morning - Evening service. A free telephone / visual enabled technology befriending and alert service for older people and isolated / vulnerable adults residing within the Armagh City, Banbridge and Craigavon Borough Council area and the Newry and Mourne council area of the Southern Trust.</p>	<p>Health and Social Care</p>	<p>A Rural Needs Impact Assessment has been carried out and found the service may be more appropriate for individuals living in rural areas who are more likely to experience loneliness and isolation. Whilst the service may be delivered in a central location, the provider will be contacting older people and isolated / vulnerable adults in their own homes, the service user will not have to travel to access the service, therefore it will have no adverse impact on those living in rural areas</p>
