

Volunteering Celebration Special

We are delighted to have our Investing in Volunteers Standard renewed following our recent re-assessment. First awarded back in 2020, this coveted award is the UK quality standard for good practice in volunteer management and its renewal recognises the Trust's longstanding and positive promotion of volunteering and support to volunteers.

Trust volunteers were at the heart of the assessment for the Award. In their interviews with the Assessors they stated that:

"I get satisfaction, I'm totally overwhelmed at times with what I get back from volunteering – it's immense".

"We take volunteering seriously and create opportunities for people who want to give of their time. We would be at a loss without them. Volunteering keeps people active and well. It gives them a sense of purpose to go home feeling rewarded in the role they have played in helping others".

Chair of the SHSCT Eileen Mullan

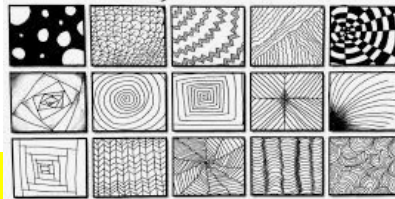

"I wouldn't miss it, I love volunteering. I have no doubt that they appreciate me, I wouldn't stop doing it for the world". Volunteer
