

**My name is Callum**

**I am 11 years old.**

### **About Me**

- I like school and am in the top group in my class.
- I like playing with my friends on my xbox
- I like my sense of humour
- Before SLT I used to feel really worried about my stammer

### **During Therapy**

- I liked finding out more about stammering and understanding it more
- For homework I enjoyed watching videos and not doing work with pencil and paper!
- Now I am able to manage my stammer better
- I feel more confident in myself

**My name is Jo-Lynn  
& I'm  
Callum's mummy**

### **Parent feedback**

I enjoyed working with Kerith and Callum in our sessions. I am happy that Callum is now able to understand his stammer and that it doesn't make him feel any less than other children his age. Therapy has been good for his confidence and helps him to manage his stammer in everyday life. SLT has helped Callum to become more confident and happy.
