FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST

“Can you please provide an update on the following 3 questions regarding your Trust's Infrastructure?”

1. For each element of IT infrastructure below, please provide the requested details (Main provider, annual spend 2021-2022, contract end date):

Main Provider : *The information requested in this FOI request is exempt from release under Section 31 and Section 43 of the Freedom of Information Act 2000.*

These are both qualified exemptions and so a Public Interest Test was carried out to decide if the information should be released or not. Having weighed up the factors for and against release, it was decided to withhold this information because the disclosure of such information would:

- a) Leave (Southern Health & Social Care Trust) patients, clients & staff more vulnerable to crime (Section 31)*
- b) Pose a significant threat to the integrity & operation of the digital systems on which the day-to-day business of the (Southern Health & Social Care Trust) relies (Section 43).*

Section 31 – Law Enforcement Section

Section 31(1)(a) *states that information is exempt if its disclosure is likely to prejudice the prevention or detection of crime. ICO guidance states that this can be used to protect information on a public authority's systems which would make it more vulnerable to crime. It can be used by a public authority that has no law enforcement function:*

- To protect the work of one that does*
- To withhold information that would make anyone, including the public authority itself, more vulnerable to crime.*

Section 43 – Commercial Interests

Section 43(2) *states that information is exempt if its disclosure would, or would be likely to, prejudice the commercial interests of any person (including the public authority holding it). Disclosure of the requested information would leave the (Southern Health & Social Care Trust) digital infrastructure at significant risk of cyber security attack. This*

Foi.Team@Southerntrust.hscni.net

would compromise the (Southern Health & Social Care Trust) ability to provide Health & Care Services and carry on business-as usual should the digital systems be compromised.
