

FOI 1566

**4<sup>th</sup> April 2023**

## **FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST**

---

### **Questions 1:**

#### **Consultants**

- How many permanent LTFT consultants have been paid at rates higher than their basic contractual pay, when undertaking any additional programmed activities below the threshold of 10 PAs, from February 2022 to February 2023, broken down by gender and age?

### **Answer 1:**

<b>Female</b>	<b>Count</b>
35-39	<5
40-45	<5
55-60	<5

<b>Male</b>	<b>Count</b>
45-50	<5

The Trust has a legal duty to protect staff confidentiality and, in line with this duty, the figure <5 has been provided where figures are very low. This is because of the potential risk of identification of an individual. In reaching this decision the Trust has taken into account the small geographical area which the Trust serves and the sensitivity of the information requested. In addition the Trust has taken into account the fact that all information disclosed in response to an FOI is disclosed to the 'world at large' and is published on the Trust website.

S 40 (2) (third party information) of the Freedom of Information Act 2000 has been applied to exempt the redacted information from disclosure. The Trust does not consider the disclosure of the redacted information to be fair to the individuals concerned as there is the potential risk of identification of an individual(s) which they would not expect, and which would therefore breach the fairness element of the first principle of the Data Protection Act 2018.

### **Question 2:**

#### **SAS doctors**

- How many permanent LTFT SAS doctors have been paid at rates higher than their basic contractual pay, when undertaking any additional programmed activities below the threshold of 10 PAs, from February 2022 to February 2023 broken down by gender and age?

**Answer 2:**

Female	Count
35-39	<5
40-45	<5

The Trust has a legal duty to protect staff confidentiality and, in line with this duty, the figure <5 has been provided where figures are very low. This is because of the potential risk of identification of an individual. In reaching this decision the Trust has taken into account the small geographical area which the Trust serves and the sensitivity of the information requested.
