BISP TRAINING

COURSE DETAILS:

- This session will provide an understanding of what causes child injuries at home. On completion of this course participants should be able to identify:
- Who is most at risk
- Identify how to prevent the most common and serious accidental injuries
- Demonstrate and understanding of our role in injury prevention

COURSE CONTENT:

- Childhood injury-the big picture
- Profile of those injured
- Who is most at risk-case studies
- Injury prevention-what works
- Child safety at home
- Fire/Burns and scalds/Poisoning/Falls

This course is designed for carers, foster carers or parents delivering care or services which involve children

All delegates will receive a 'Child Safety Awareness' certificate of attendance.
