

FOI 1799

1st August 2023

FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST

Question: In the past 3 months, how many patients have been treated for colorectal cancer (CRC) with the following agents?

• Aflibercept	0
• Bevacizumab	0
• Capecitabine	9
• CAPIRI	<5
• CAPOX (XELOX)	32
• Cetuximab in combination with FOLFIRI/FOLFOX	12
• Cetuximab not in combination with FOLFIRI or FOLFOX	<5
• Irinotecan only	0
• FOLFIRI	<5
• FOLFOX	15
• Fluorouracil (5FU) only	0
• Oxaliplatin only	0
• Nivolumab	<5
• Panitumumab in combination with FOLFIRI/FOLFOX	0
• Panitumumab not in combination with FOLFIRI or FOLFOX	0
• Pembrolizumab	<5
• Raltitrexed (single agent)	<5
• Raltitrexed (in combination with oxaliplatin – TOMOX)	<5
• Ramucirumab	0
• Regorafenib	<5
• Tegafur + Uracil	5
• Any other systemic anti-cancer therapy	<5
• Palliative care only	Information not held

The Trust has a legal duty to protect patient confidentiality and, in line with this duty, the figure <5 has been provided where figures are very low. This is because of the potential risk of identification of an individual. In reaching this decision the Trust has taken into account the small geographical area which the Trust serves and the sensitivity of the information requested. In addition the Trust has taken into account the fact that all information disclosed in response to an FOI is disclosed to the 'world at large' and is published on the Trust website.

S 40 (2) (third party information) of the Freedom of Information Act 2000 has been applied to exempt the redacted information from disclosure. The Trust does not consider the disclosure of the redacted information to be fair to the individuals concerned as there is the potential risk of identification of an individual(s) which they would not expect, and which would therefore breach the fairness element of the first principle of the Data Protection Act 2018.
