FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST

- 1. The number of Care leavers in your care with a diagnosis of autism spectrum disorder who at the time their case was closed (usually 21 or 25) had an open case with adult services or an open referral**

0

- 2. The number of Care leavers in your care with a diagnosis of autism spectrum disorder whose case was closed without a referral to adult services and had a referral to adult services created within 12 months of their case being closed**

0

- 3. The number of PAs that have specialised training for autism spectrum disorder**

0

PA staff do not receive specialised training in Autism. For children and young people who have a diagnosis of Autism, consultation and support is provided by staff from Autism services (managed in CAMHS) on a case by case basis.

- 4. The provider of the autism spectrum disorder training – Not Applicable**
