**Does your Health and Social Care Trust commission brain health clinics/services? If yes, please could you supply the name and addresses of who is providing this service?**

There are a number of aspects of health and social care provided in the Southern Health and Social Care Trust (SHSCT) which can be classed as “brain health clinics/services”. In addition to Neurology clinics, Epilepsy services, Neurology Nursing and Memory Services, the SHSCT has an Acquired Brain Injury Rehabilitation Team (ABIRT).

ABIRT provide specialised rehabilitation to service users and family members affected by acquired brain injury. ABIRT is a multidisciplinary team led by a Consultant Clinical Neuropsychologist comprising of clinical psychology, physiotherapy, nursing, speech and language therapy, occupational therapy and social work. The team is complimented by a medical consultant in rehabilitation medicine. In addition, ABIRT offers an early intervention concussion service for those people who have sustained a concussion in the previous 12 weeks.
