FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST

Please forward how many times the new MRI at Daisy Hill Hospital has been used since its installation month by month from its installation to the present day (19th October).

The MRI Scanner at Daisy Hill has been operational from 26th July 2023. The table below shows the number of examinations performed month by month since this date to 19th October 2023.

Month	Total number of examinations performed
July	42
August	518
September	513
October	302
Total	1375

How many times the MRI in Craigavon Hospital has been used during the same above mentioned period.

The table below shows the number of examinations performed month by month from the date the MRI at Daisy Hill was operational from. It is noted that Craigavon Area Hospital have two MRI Scanners.

Month	Total number of examinations performed
July	253
August	1248
September	1096
October	773
Total	3370

Also during this same period how many patients from the Newry, South Armagh and Down region have been referred to Craigavon Hospital for MRI's by Daisy Hill Hospital.

Based on referral sources from Daisy Hill Hospital, the following examinations have been performed in Craigavon Area Hospital. The waiting list is a trust wide waiting list.

Month	Total number of examinations performed
--------------	---

July	50
August	251
September	222
October	93
Total	616

Now the stabilisation plan has been implemented can I have a copy of the Nuffield Trust paper on this exercise.

The Nuffield Trust Report is available on the Trust website on the dedicated page to update on Daisy Hill Hospital Stabilisation Plans.
