

NIPACS+ Privacy Notice

What is NIPACS+?

NIPACS+ (Northern Ireland Picture Archiving and Communications System) is a single regional enterprise imaging solution for Northern Ireland. It consists of a Radiology Information System (RIS), Picture Archiving and Communication System (PACS) and Vendor Neutral Archive (VNA):

NIPACS+ will provide reporting functionality for Radiology and Digital Pathology. It will also include a research database and teaching file functionality. NIPACS+ will also provide storage for imaging from other specialties such as cardiology, endoscopy, ophthalmology, dental and obstetrics.

Your Personal information

NIPACS+ will store your demographic information (name, DOB, address, GP, etc) as well as available images from all diagnostic examinations performed on you at any of the Health and Social Care (HSC) Trust sites. It also stores imaging reports for these examinations.

Further information

For full Privacy Notice with relevant legislation, how information is stored and contact information please access via the website:
