

FOI 2191

27th February 2024**FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST**

Question:

Please state the total number of patients diagnosed with and treated for blood clots by Southern Health and Social Care Trust during each of the following years.

Response:

Please see table below:

Year	Number of male patients treated	Number of female patients treated	Total number of patients treated
2018	1313	1057	2370
2019	1246	949	2195
2020	1085	840	1925
2021	1326	971	2297
2022	1119	927	2046
2023	1070	858	1928

*Number of Patients with a Diagnosis of Blood Clots between 2018 and 2023
Based on End Date between 01/01/18 and 31/12/23*

**Please note that some patients may have been treated during all 6 calendar years and therefore will be counted more than once in these figures.*
