2) For each care home provide the total PPE (including cost) provided to each care home in the year 2020 for the Covid-19 pandemic.  
Confirm date first delivery of PPE was sent.

Response:

At the initial outbreak of Covid-19 pandemic the stock issues were a manual system. We are therefore unable to provide the detail requested for PPE. This information is not centrally collated and we consider that the cost of retrieving the information would be above the 'appropriate limit' as defined by the FOI Act under Section 12. Section 12 makes provision for public authorities to refuse requests for information where the cost of dealing with them would exceed the appropriate limit. The limit has been specified as £450 for public authorities such as the Southern Trust. This represents the cost of one or more person spending 18 hours or more in determining whether we hold the information locating retrieving and extracting the information.
