

Q. Number of employees per site (if applicable) What teams/departments are housed within each premises

Notes:

Bank Staff, Staff on Career Break and Seconded out of Trust have been excluded

Most of the Trust facilities in this report are work locations for staff within various Personnel Areas. It is therefore not possible for us to give a description of the activity within each location, as an alternative the divisions in which the staff at each location are employed have been included.

Where a Location site description includes 'Area' eg Armagh Area this is mainly used for Domiciliary Care Staff as their Supervisor is based in this location

Staff assigned to Dungannon DCW Area location work across the Dungannon Area however they have an Armagh address as this reflects their Supervisors location in Mullinure Hospital, Armagh

Where a Building name includes 'General' eg South Tyrone Hospital Site (General) this is used for staff working across the site eg Domestic Staff

Southern H&SC Trust is used for staff that work across the Southern Trust

Belfast Trust is used where SHSCT staff work in Belfast Trust Location

Staff with Multiple Posts are counted more than once in this report
