FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST

Request:

The request is as follows what guidance document or policies does CAMHS use to inform their Practice For Family Intervention and Family Therapy with reference to Children under the age of 16.

I request that the information covers the period of March 2019 till June 2020.

Response:

All Family Therapists employed by the Southern Health and Social Care Trust are required to adhere to the Trust policies and procedures as outlined for all Practitioners. Family Therapists are guided by these and generally inform practice contexts with all families attending for a family therapy intervention.
