In addition, and without referring me to any SH&SCT Annual Report(s), please confirm the total amount of (public) monetary subsidy/subsidies received by the SH&SCT from the UK Government and/or the Northern Ireland Assembly for the 2018 – 24 (inc.) financial years – a single figure from each legislature for each year will suffice (or gross/net annual amount if appropriate).

Response:

The funding provided to the Trust from the Government/Northern Ireland Assembly via the Department of Health is not described as a subsidy however we have interpreted the reference to subsidies as meaning the total funding allocation from our commissioners including the Department of Health, the Strategic Planning and Performance Group, Public Health Agency and Northern Ireland Medical & Dental Agency for the financial years in question.

Total funding allocation was as follows:-

2018/2019	£658m
2019/2020	£728m
2020/2021	£855m
2021/2022	£878m
2022/2023	£924m
2023/2024	£1020m
