

FOI 2553

10th July 2024**FREEDOM OF INFORMATION ACT 2000 – INFORMATION REQUEST**

I am writing to inform you of the outcome of the Internal Review that has been carried out into the handling of your recent Freedom of Information request (FOI/2464). On 28th May we received your FOI application requesting:

1. The total number of nurses referred to the NMC for the period 2019-2023
2. The total number of midwives referred to the NMC for the period 2019-2023

The Trust applied section 21 (information accessible by other means) to your request for information and referred you to the below response previously provided to you and readily available on the Trust disclosure log.

On 9th July the Trust received a request for an internal review in which you clarified that you are content to record <5 midwives referred in the years 2019-2023 but that your request was for a total for a figure for nurses referred to the NMC in the years 2019-2023.

Having conducted a review of this request I can confirm that the total number of nurses referred to the NMC in the years 2019 – 2023 is 20.
